[Do you need funding focused on improving housing through renovations??

webinar on the 24th with Takla Nation focused on improving housing through community wide renovations. There's some serious dollars available right now and the work is so impactful to community members that are in need for housing repairs in remote communities.

Taking action on community housing renovations.

How Sasuchan Development and Community Power are working to make community homes safe, healthy, comfortable, and energy efficient in Takla Landing.
